

## Membership regulations

### Membership fees for 2018:

The membership fee for members around the world is one euro (1 €) per month. The membership is only validated after payment.

### Access to membership

The recruiting process of Premier members varies. If you would like to take an active part in the teaching of children and in combating illiteracy actively or take part in the activities of the Institute, please contact us for further information on how to become such a member.

With the approval of the board of directors, applicants from Finland may, if they wish, be accepted from the outset as a Premier member.

The Premier member is required to pay a triple membership fee and also to participate in the annual election of the board of directors.

The other members do not have the possibility to participate in the election of the board of directors held in Finland, but they have the possibility to participate in the elections and activities of the Institute in their own countries.

If you live in Finland and want to work as a Premier member, be sure to mention this in the application form.

### Rights and duties of the members

After paying the membership fee and completing the form, the members of the Institute have a right to participate in the activities of the Institute in accordance with the approved statutory rules. Each member has a right to be informed about the activities of the Institute.

Non-payment of membership fees at the end of the financial year will cause the cancellation of the membership and its associated advantages.

If you wish, you can collaborate with us in reducing illiteracy in our homeland!
